

# Mint Upgrade Information

---

*Mint.com*

## Introduction

As *Ardent Credit Union* completes its system upgrade, Mint aggregation services may be interrupted for up to 5 business days.

**NOTE:** You will be able to access ebanking information by directly logging into your financial institution website during the interrupted time.

## Mint Upgrade Information

Mint.com data is stored on Intuit cloud servers. Data is updated with every change and cannot restore data to a previous point in time.

**For a successful account update, do not login into Mint.com for Ardent Credit Union until 5 business days after 02/03/2020.**

During this time, the Mint.com server will automatically make the system conversion for your activated accounts. If you login into Mint.com during this time, you may see duplicate accounts or an error displayed. Please do not attempt to change the status or make any changes in Mint.com during this time. After 5 business days, the accounts should reconcile showing your transaction history available.

In the event that your accounts do not display current transactions after 5 business days, you may log back into Mint.com and click refresh  to update the account. After the download completes, click the Transactions tab to view up to 90 days of transaction history.

*Thank you for your patience during these changes!*
